

# Landscape Design Services

## About Our Services

We create planting plans for customers based on information they collect at their site. We can create designs for projects ranging from containers to borders to large urban lots. Our designs are hand drawn to scale and are accompanied by a plant list to assist in shopping.

## Steps to Obtaining a Design

1. Fill out our questionnaire; it's available at our store and online at [www.portlandnursery.com](http://www.portlandnursery.com). Be sure to get input from everyone who will live with the garden.
2. Take site measurements and photos, following the instructions found on the questionnaire. Be sure to have the photos printed.
3. Call 503-788-9000 ext. 215, and ask to make a consultation appointment with our designer. Consultations are available by appointment only. See below for fee chart.
4. Design fees are based on project size, see chart below. Consultation fee is due at the first appointment. In exchange for the planting plan, you purchase yourself a gift card at the final design presentation appointment.

### Note:

Although placement of hardscapes may be suggested, we do not design or do construction drawings for such things as decks, water features, paths, patios, etc.

We do not install or maintain gardens, however for an additional fee, we can plant your containers purchased from the nursery.

### Design Fees Based on Project Size

Planting Plan Fee is in the form of a gift card that you purchase for yourself.

#### Consultation Fee/ Planting Plan Fee

- Up to 100 ft<sup>2</sup> .....\$100/ \$150
- 101 ft<sup>2</sup>—300ft<sup>2</sup>.....\$150/ \$300
