

Teucrium chamaedrys

WALL GERMANDER

Sweet, red-purple flowers hang in loose spikes along this low evergreen shrub.

BLOOM: Summer.

MATURE SIZE: Low growing, 1' tall spreading to 2'. To keep neat, shear back once or twice a year to force side branching.

CULTURE: Plant in full sun. Can't stand wet or poorly drained soils but will take ordinary watering where drainage is good.

Garden Uses: Perfect use as edging, foreground, low clipped hedge, or small-scale groundcover.

Check labels on pots for prices.
